## II. NOTES TO THE FINANCIAL STATEMENTS

## Preface

## UNIDO MISSION STATEMENT

UNIDO is the specialist agency of the United Nations dedicated to promoting sustainable industrial development in countries with developing and transition economies.

UNIDO harnesses the joint forces of government and the private sector to foster competitive industrial production, develop international industrial partnerships and promote socially equitable and environmentally friendly industrial development.

UNIDO is the only worldwide organization dealing with industry from a development perspective. Its services are non-profit, neutral and specialized. Its staff are highly qualified with the widest range and depth of required industrial expertise. UNIDO acts as a catalyst to help generate national economic wealth and raise industrial capacity through its roles as a worldwide forum for industrial development and as a provider of technical cooperation services.

UNIDO's ultimate goal is to create a better life for people by laying the industrial foundations for longterm prosperity and economic strength.

## Note 1. Summary of significant accounting policies

The following are the significant accounting policies of UNIDO:
(a) UNIDO's accounts are maintained in accordance with the Financial Regulations of UNIDO as adopted by the General Conference, the rules formulated thereunder, administrative instructions in force as at the date of conversion of UNIDO into a specialized agency, and in conformity with generally accepted government accounting principles. UNIDO follows the accounting standards as approved by the Consultative Committee on Administrative Questions on behalf of the Administrative Committee on Coordination at its eighty-third session and requested by General Assembly resolution 48/216, and the financial statements, of which these notes form an integral part, are presented in accordance with those standards, as shown below:
(i) Going concern, consistency and accrual are fundamental accounting assumptions. Where fundamental accounting assumptions are followed in financial statements, disclosure of such assumptions is not required. If a fundamental accounting assumption is not followed, that fact should be disclosed together with the reasons.
(ii) Prudence, substance over form, and materiality should govern the selection and application of accounting policies.
(iii) Financial statements should include clear and concise disclosure of all significant accounting policies which have been used.
(iv) The disclosure of the significant accounting policies used should be an integral part of the financial statements. The policies should normally be disclosed in one place.
(v) Financial statements should show corresponding figures for the preceding period.
(vi) A change in an accounting policy that has a material effect in the current period or may have a material effect in subsequent periods should be disclosed together with the reasons. The effect of the change should, if material, be disclosed and quantified.
(b) The UNIDO financial statements are prepared on the historical cost basis of accounting and have not been adjusted to reflect the effects of changing prices for goods and services.
(c) Fund accounting. The UNIDO accounts are maintained on a "fund accounting" basis. Separate funds for general or special purposes may be established by the General Conference or the Director-General. Each fund is maintained as a distinct financial and accounting entity, with a separate self-balancing doubleentry group of accounts.
(d) The fiscal period of the Organization is a biennium and consists of two consecutive calendar years.
(e) The income, expenditure, assets and liabilities are recognized on the accrual basis of accounting except for trust funds and the Industrial Development Fund where income is recorded upon receipt of the contribution only.
(f) Translation of currencies. The accounts of the Organization are presented in United States dollars. Transactions in other currencies are translated into United States dollars at the time of the transaction at rates of exchange established by the United Nations. In respect of such currencies, the financial statements, prepared at such intervals as may be prescribed, reflect the cash, investments and current accounts receivable and payable in currencies other than United States dollars, translated at the United Nations rates of exchange in effect as at the date of the statements.
(g) Assessed contributions. In accordance with financial regulation 5.6, payments made by a Member State are credited first to the Working Capital Fund and then to the contributions due, in the order in which the Member State was assessed.
(h) Contributions in kind received or receivable and the value thereof are not accounted for but disclosed in the notes to the financial statements.
(i) Funds on deposit in interest-bearing bank accounts, certificates of deposit, time deposits and call accounts are shown in the statements of assets and liabilities as cash.
(j) Deferred charges:
(i) Deferred charges comprise expenditure items that are not properly chargeable in the current fiscal period and that will be charged as expenditure in a subsequent fiscal period.
(ii) For balance-sheet statement purposes only, that portion of the education grant advance which is assumed to pertain to the scholastic year completed as at the date of the financial statement is shown under deferred charges. The full amount of the advance is maintained in the accounts receivable from staff members until such time as the staff member produces the required proof of entitlement to the education grant, at which time the budgetary account is charged and the advance recovered.
(k) Fixed assets. Furniture, equipment, other mon-expendables and leasehold improvements are not included in the assets of the Organization. Acquisitions are charged against budgetary accounts in the year of purchase.
(1) Commitments approved for future fiscal periods that are necessary in the interests of UNIDO, in accordance with financial rule 109.6, are disclosed in the notes to the financial statements of the respective fund. Such commitments are normally restricted to administrative requirements of a continuing nature and to other contracts or legal obligations where long lead times are required for delivery.
(m) No provision is made in the General Fund for repatriation grant entitlements or to meet contingencies under appendix D to the Staff Rules of UNIDO as funds are provided for in the budget appropriations. However, provision is made to meet repatriation grant entitlements and contingency liabilities for compensation payments under appendix D to the Staff Rules for personnel financed by technical cooperation other than UNDP and are calculated on the basis of 1 per cent of net base pay.
(n) Surpluses due to Member States are funds available for credit to Member States arising from unobligated balances of appropriations, savings in the liquidation of obligations for prior periods and contributions from new Member States. In accordance with financial regulation 4.2 (b) as amended, the amount standing to the credit of Member States is reduced by the amount of contributions remaining unpaid. The balance of the surplus account is to be offset against future assessments in accordance with financial regulation 5.2 (d), unless the General Conference decides otherwise.
(o) Other income:
(i) The net income realized from revenue-producing activities is reported as other income.
(ii) Refunds of expenditures charged to prior fiscal periods are credited to miscellaneous income.
(iii) Moneys accepted in respect of which no purpose is specified have been treated as miscellaneous income.
(iv) Gain/loss on exchange arises from transactions in currencies other than United States dollars and revaluation of assets and liabilities held in local currencies.
(v) Proceeds from the sale of surplus property are credited to the miscellaneous income of the respective funds.
(vi) Net income from sales of publications is reported as other income. Gross income and related costs are disclosed in the note to the General Fund.
(p) Technical cooperation accounts:
(i) The appropriations for technical cooperation programmes of the regular budget are administered in accordance with the Financial Regulations of UNIDO.
(ii) Allocation income-UNDP. The figures for allocation income from UNDP and UNDP trust funds are the same as reported for total expenditure in line with UNDP procedures, which require that allocations be adjusted to equal actual expenditure.
(iii) Contributions income-trust funds and Industrial Development Fund. Contributions from Governments or other donors are recorded upon receipt of the contribution.
(iv) Interest and miscellaneous income. Interest and miscellaneous income arising from the Regular Programme of Technical Cooperation are credited to the General Fund. Interest and miscellaneous income arising from UNDP activities are credited to the operating fund account maintained with that organization. Interest and miscellaneous income for technical cooperation trust funds are credited to relevant projects. Interest arising from Industrial Development Fund activities is credited to accounts payable until disposed of by the donor. Interest accrued under the General Purpose segment of the fund is credited to that fund.
(v) The criteria for recording and reporting unliquidated obligations against the current biennium for the Regular Programme of Technical Cooperation are the same as those for the regular budget. For all other technical cooperation fund sources obligations may be reported as expenditure of the current year on the basis of the following criteria:

## Personnel services

The cost of salaries and related expenses corresponding to services rendered within the calendar year. Personnel services, in this context, includes temporary assistance and overtime as well as consultants who have subscribed to Special Service Agreements. However, when the remuneration of the consultant is expressed as a lump sum rather than a sum per period worked, the full cost of the contract may be treated as an obligation of the current year.

## Supplies and equipment

The full cost of contracts or purchase orders entered into prior to the end of the year, whether or not delivery has been effected, as long as there is budgetary provision in the current period.

## Subcontracts

An obligation can be sustained on the basis of the payment schedule included in the signed contract with the contractor. Where no payment schedule exists, the basis is the estimated timing of payments.

## Fellowships

The cost of the fellowship from the date of commencement of study to completion of study or 31 December, whichever is earlier. The fellow must have been placed, i.e. the fellowship awarded to a named individual and the place of study, the course of study and the duration of the study established and the recipient Government notified.

## Travel

The full cost of travel, including the cost of transportation, subsistence allowances and other incidental expenses can be sustained if travel started prior to the end of the calendar year.

## Group training

The cost of activities held in the current year. In the case of activities beginning in one year and continuing into the next, the full cost of the activity should be charged to the current year.
(vi) Unliquidated obligations for the current period in respect of all technical cooperation activities other than the regular budget remain valid for 12 months following the end of the year, rather than the biennium, to which they relate. However, in accordance with UNDP reporting requirements, executing agencies may retain unliquidated obligations beyond 12 months when a firm liability to pay still exists; such liabilities are reported as accounts payable in the financial statements. Savings in the liquidation of prior period obligations are credited to individual projects as a reduction of current period expenditure in accordance with UNDP reporting requirements. The UNDP requirements are also applied in the case of the Industrial Development Fund and trust funds.
(vii) A system of average costing is used for UNDP projects whereby those elements of experts' actual costs which are unique to the individual expert are charged to UNDP projects at average cost, calculated by apportioning those costs over all UNDP projects in respect of which expert-months have been delivered in the current period.
(q) Trust funds. Director-General's bulletin UNIDO/DG/B.18/Rev. 1 dated 15 May 1992 sets out revised policies for establishing and managing trust funds with effect from 26 May 1992. Extrabudgetary funds provided to reimburse the Organization for the use of its facilities are excluded from the provisions of UNIDO/DG/B.18/Rev.1.
(r) Special account for programme support costs:
(i) Reimbursement for programme support costs is provided for in respect of extrabudgetary technical cooperation activities. Reimbursement is calculated as a percentage of programme resources expended.
(ii) Under the UNDP successor arrangements for agency support services for programme and policy development (SPPD) as well as support for technical services (STS) are reimbursed at standard unit cost per work-month, whereas for administrative and operational services reimbursement is calculated at the rate of 10 per cent for all services.
(iii) In the financial statements of the Organization, the special account for programme support costs is shown separately from the inter-organization funds, from which its income derives.
(iv) Unliquidated obligations in respect of the special account for programme support costs are accounted for on the same basis as for the regular budget.
(s) Ex gratia payments made in accordance with financial rule 109.13 are reported in the notes to the financial statements of the respective fund pursuant to financial regulation 9.3.

Note 2. General Fund and Working Capital Fund

## (a) Assessed contributions

(i) The General Conference approved an amount of $\$ 132,909,600$ for the regular budget for 20002001 on the basis of an exchange rate of US\$ $1=$ AS 12.90 (GC.8/Dec.17) to be financed from
contributions by Member States one half of which $(\$ 66,454,800)$ has been assessed to Member States for 2000. This amount has been restated to $\$ 59,260,100$ after applying the adjustment formula shown in decision GC.8/Dec. 17 to take account of the average exchange rate actually experienced during 2000 (US\$ 1 = AS 14.8635). The revised appropriations for 2000 are shown in Statement IV of the financial statements.
(ii) Due to the fact that Austrian schilling contributions were converted to United States dollars at the exchange rate in effect at the time of receipt, and to the fact that Austrian schilling contributions unpaid at 31 December 2000 were revalued at the rate in effect at that date (US\$ $1=$ AS 15.9083), the value of the assessment decreased by $\$ 6,504,482$ to $\$ 59,950,318$.

## (b) Revenue -producing activities

Gross revenue from the sale of UNIDO publications was $\$ 140,776$, one half of which $(\$ 70,388)$ was transferred to the sales publication revolving fund $(\$ 73,601)$. Costs for sales promotion activities and other expenses in the year 2000 are $\$ 22,858$. The net balance of the sales publication revolving fund as at 31 December 2000 is $\$ 121,131$.
(c) Currency exchange adjustments

As a result of fluctuations in the exchange rate between the Austrian schilling and the United States dollar, a net loss of $\$ 2,077,583$ was realized on funds held in Austrian schillings.

## (d) Prior biennium adjustments

Pursuant to decision IDB.7/Dec.7, arrears of assessed contributions in Austrian schillings for 1998-1999 were valued at the exchange rate of US\$ $1=$ AS 13.38, being the average exchange rate for the three-year period covering the biennium 1998-1999 and the 12-month period following that biennium and ending on 31 December 2000.

Prior biennium adjustments of $\$ 659,825$ represent a decrease in the value of Austrian schilling contributions, 1998-1999 of Member States of $\$ 384,682$ and a decrease of $\$ 275,143$ of the surplus for the biennium 1994-1995 due to the delayed receipt of additional charges from the United Nations for the UNIDO Liaison Office in New York relating to the year 1994.

## (e) Savings on or cancellation of obligations from the prior biennium

## (f) Accounts receivable-other

Accounts receivable-other, include the Organization's claim submitted to the Government of the United States of America in respect of United States income tax reimbursed to UNIDO staff members in 1996 and 1997 under the tax reimbursement agreement. While the Government of the United States of America had communicated to the Organization that funds appropriated for tax reimbursement payments to UNIDO are presently exhausted but that it is the objective of the Government to settle the outstanding claims to the extent funds become available. No payment was received in 2000.

The issue of the Organization's claim to the International Atomic Energy Agency under the cost sharing agreement for termination indemnity costs for Buildings Management staff separated during the 1995 staff reduction exercise is not resolved. A provision for a possible write-off of this receivable, is included in accounts payable.

## (g) Contributions received in advance

Contributions of varying amounts, totalling $\$ 0.7$ million, were received from Member States to be applied against the 2001 assessment.

## (h) Borrowings

At the time UNIDO became a specialized agency an interest-free loan of $\$ 16,000,000$ was received from the United Nations. The loan is repayable at the rate of $\$ 1,000,000$ a year, commencing in 1990. The total amount due as at 31 December 2000 amounts to $\$ 5,000,000$.

## (i) Accounts payable-other

Interest income in excess of the budgetary estimate for the year 2000 is $\$ 390,812$. Pursuant to decision GC.8/Dec.10, this amount is provisionally added to accounts payable $(\$ 97,385)$ established for this purpose in 1999.

## (j) Essential requirements programme-BMS

In the budget of the biennium 2000-2001 total costs are estimated at $\$ 5.6$ million. They are to be costshared with all Vienna-based organizations (VBOs). UNIDO's share is approximately $\$ 1.2$ million. In the
first year of the biennium $\$ 1.0$ million was expended of which $\$ 0.8$ million is recoverable from the VBOs. Net advances of $\$ 0.8$ million received from VBOs are held in accounts payable until they are offset by future invoices.

## (k) Working Capital Fund

(i) The amount of the Fund was set by the General Conference at $\$ 9$ million (GC.2/Dec.27). The level of the Working Capital Fund, reduced to $\$ 6,750,000$ (GC.6/Dec.16) for the biennium 1996-1997 was further reduced to $\$ 6,610,000$ for the biennium 1998-1999 (GC.7/Dec.12).
(ii) The excess of the balance of the Fund over its authorized level in the amount of $\$ 24,193$ representing contributions assessed to new Member States in 2000 will be applied against future assessments.
(1) Surplus due to Member States

The following is an analysis of the surpluses due to Member States, expressed in millions of United States dollars after application of the provision for the delay in the collection of assessed contributions. The provision represents contributions receivable from Member States and new Member States for prior bienniums at balance sheet date.

## (m) Separation indemnity reserves

Pursuant to decision GC.6/Dec.15, paragraph (e), the amount of \$9,546,732 representing the balance of appropriations for the biennium 1992-1993 which has been paid in was transferred to a separation indemnity reserve in 1995 . The reserve has effectively been reduced to $\$ 991,717$ by payments made during the period 1995 to 2000 amounting to $\$ 8,555,015$ (in 2000, $\$ 371,210$ ). Pursuant to decision GC.7/Dec. 17 the amount of $\$ 13.9$ million was transferred from the unutilized balance of appropriations for the biennium 1994-1995 for the funding of the separation indemnity reserve to meet the cost of staff separations resulting from the 19981999 programme and budgets. This reserve has effectively been reduced to $\$ 3,888,829$ by payments made during the period 1998-2000 of $\$ 10,011,171$ ( $\$ 704$ in 2000).
(n) Long-term contracts awarded for the operation of the VIC are not reported as commitments as they may be terminated at any time without penalty.
(o) Commitments representing legal obligations for which disbursement will be made in the year 2001 in the amount of $\$ 143,953$, were entered into prior to 31 December 2000 in respect of the Regular Programme and IDDA.

## (p) Non-expendable equipment

The following table shows the non-expendable equipment, at cost, expressed in millions of United States dollars, according to the cumulative inventory records of UNIDO as at 31 December 2000. In accordance with UNIDO accounting policies, non-expendable equipment is not included in the fixed assets of the Organization but is charged against the appropriations when acquired. The minimum dollar value per item of non-expendable property is $\$ 1,500$.

Balance as at 1 January 2000
Add: Acquisitions during $2000 \quad 1.0$
Deduct: Disposals during $2000 \quad 0.9$
Balance as at 31 December 2000

## (q) Contingent liability for end-of-service payment to staff

In accordance with the decision taken by the Panel of External Auditors in 1989 at Manila, UNIDO calculated the amounts required to cover the estimated costs of contingency liabilities for end-of-service payment as at 31 December 2000.

In line with United Nations accounting standards liabilities for end-of-service payments comprise end-ofservice allowance, repatriation grant and compensation for accrued annual leave. The valuation is based on average cost of staff separating during the biennium 1996-1997. They are estimated to be:

| Regular budget | $\$ 13.0$ million |
| :--- | ---: |
| Operational budget | $\$ 3.2$ million |

Post-retirement benefits are excluded.
It should be noted that no budgetary provision has been made, except that in the case of the operational budget as reflected in Statement II and note 3(c) (operating reserve) there is a contingency reserve of $\$ 4.3$ million which was effectively reduced to $\$ 2.4$ million by negative fund balances.

## (r) Contingent liability to the United Nations Joint Staff Pension Fund

Pursuant to Article 26 (a) of the Regulations and Rules of the United Nations Joint Staff Pension Fund, member organizations are obliged to pay in the sum necessary to make good the deficiency in the event that the actuarial valuation of the Fund shows that its assets may not be sufficient to meet its liabilities under these regulations. The Uhited Nations Joint Staff Pension Fund Secretariat is to determine the potential liability of each member organization. In the report of the twenty-fifth actuarial valuation of the United Nations Joint Staff Pension Fund, the Consulting Actuary has assessed the actuarial sufficiency of the Fund. There is no requirement for deficiency payments under Article 26 of the Regulations of the Fund as of 31 December 1999. The actuarial valuation is to be updated in 2002.

## (s) After-service health insurance

Staff members (their spouses, dependent children or survivors) retiring from service under the Pension Fund Regulations at age 55 or later are eligible for after-service health insurance coverage after having been a participant in a contributory health insurance scheme of the common system for at least 10 years. The same applies to staff members receiving compensation for disability under Appendix D to the Staff Rules. Costs of participation in this scheme are borne on the basis of joint contributions by UNIDO and the participants concerned.

During 2000, the Organization's contribution to the scheme amounted to $\$ 1,030,789$. The account payable of $\$ 1,000,000$ due to the United Nations in respect of former UNIDO staff members insured in the United Nations insurance plan for the period 1986 to 1994 was reduced by $\$ 305,932$ to $\$ 694,068$. In accordance with Programme and Budget Committee conclusion 2000/2 an actuarial study to determine the financial impact of the after-service health insurance was carried out, which shows the present level of unfunded liabilities to be $\$ 36.7$ million.

## (t) Contributions in kind

Contributions in kind estimated at $\$ 503,100$ were received from Member States in support of the UNIDO field service, and $\$ 82,800$ in support of travel of staff.
(u) Common Fund for Major Repairs and Replacements

On 1 January 1981 an agreement between the Republic of Austria, the United Nations and IAEA went into effect to establish a common fund for the purpose of financing the cost of major repairs and replacements of buildings, facilities and technical installations which are the property of the Republic of Austria and form part of the headquarters areas of the United Nations and IAEA at the Vienna International Centre. This agreement has also applied to UNIDO since 1986 when it became a specialized agency. The Fund is administered by the Controller, Financial Performance Control Branch of UNIDO through a joint committee. Annual financial statements are prepared by UNIDO and audited by the UNIDO Office of Internal Oversight. The liability of each of the three VIC-located organizations which was under the agreement limited to $\$ 150,000$ per year, i.e. $\$ 25,000$ as an annual contribution and up to $\$ 125,000$ as reimbursement of approved expenditures incurred in the previous year, was increased to $\$ 325,000$ as of 1 January 1996. The Republic of Austria is liable to pay the balance exceeding the combined limit of $\$ 900,000$ established for the three United Nations organizations. In 1999 an agreement was reached between the VICbased organizations and the Preparatory Commission for the Comprehensive Nuclear-Test-Ban Treaty Organization to share the annual contribution as well as the annual expenditure equally among the four of them, i.e. $\$ 18,750$ as an annual contribution and up to $\$ 225,000$ as reimbursement of approved expenditure incurred in the previous year.

The provisional Fund balance as at 31 December 2000 was $\$ 2,827,246$.
