#### Introduction

- 1. In its conclusion 1987/19, paragraph (j), the Programme and Budget Committee requested the Director-General to submit each year to the Industrial Development Board through the Committee a clear and detailed financial performance report itemizing the utilization of financial resources.
- 2. The present financial report covers the period 1 January -31 December 2002 and is based on the appropriations contained in the programme and budgets 2002-2003, as adopted by the General Conference at its ninth session (decision GC.9/Dec.17).

# I. FINANCIAL STATEMENTS FOR THE 12-MONTH PERIOD OF THE BIENNIUM 2002-2003 ENDED 31 DECEMBER 2002

#### **Certification of financial statements**

#### **Director-General's responsibility**

The Director-General of the United Nations Industrial Development Organization is responsible for the preparation and integrity of the financial statements. These statements have been prepared in accordance with the United Nations System Accounting Standards and the Article X of the Financial Regulations of UNIDO and include certain amounts that are based on management's best estimates and judgements. Financial information used elsewhere is consistent with that in the financial statements. Management considers that the statements present fairly the financial position of the Organization and of funds held in trust by it, the results of their operations and the changes in their financial position.

To fulfil its responsibility, the Organization maintains systems of internal accounting controls, policies and procedures to ensure the reliability of financial information and the safeguarding of assets. The internal control systems and financial records are subject to reviews by the Internal Oversight Group and the External Auditor during their respective audits.

The following appended financial statements, comprising Statements I to IV, relevant Schedules and supporting notes, were properly prepared in accordance with the United Nations System Accounting Standards and the Article X of the Financial Regulations of UNIDO.

Sajjad Ajmal Director and Treasurer Financial Services Branch Carlos A. Magariños Director-General

| Total C                                  | 0.0                       | 0.0                         | 0.0                   | 73.8                         | 0.0                                     | 73.8                 | (73.8)                    |
| Total A - B - C                          | 0.0                       | 0.0                         | 0.0                   | (6,515.3)                    | 2,125.5                                 | (4,389.8)            | 4,389.8*                  |

<sup>\*</sup> Of the  $\[mathcal{\in}\]$ 4,389.8 balance of appropriation reported above,  $\[mathcal{\in}\]$ 4,386.5 is attributed to the Special Account for Buildings Management costs not subject to financial regulations 4.2(b) and 4.2(c).

#### II. NOTES TO THE FINANCIAL STATEMENTS

#### Preface

#### UNIDO MISSION STATEMENT

The United Nations Industrial Development Organization (UNIDO) is a specialized United Nations agency dedicated to promoting sustainable industrial development in countries with developing and transition economies.

UNIDO draws on the wide industrial expertise of its staff and the resources of government, the private sector and other United Nations multilateral and national institutions to create productive employment, competitive economies and a sound environment.

Fostering growth and productivity is central to UNIDO's highly focused sectoral, regional and country-specific programmes. UNIDO is committed to maintaining excellent standards in the implementation of these programmes with the ultimate aim of assisting the developing countries and transition economies in their struggle against poverty and marginalization.

#### Note 1. Summary of significant accounting policies

The following are the significant accounting policies of UNIDO:

- (a) UNIDO's accounts are maintained in accordance with the Financial Regulations of UNIDO, as adopted by the General Conference, the rules formulated thereunder, administrative instructions in force as at the date of conversion of UNIDO into a specialized agency, and in conformity with generally accepted government accounting principles. UNIDO follows the accounting standards as approved by the Consultative Committee on Administrative Questions (now High-Level Committee on Management—HLCM) on behalf of the Administrative Committee on Coordination (now the United Nations System Chief Executives Board for Coordination—CEB) at its eighty-third session and requested by General Assembly resolution 48/216, and the financial statements, of which these notes form an integral part, are presented in accordance with those standards, as shown below:
  - (i) Going concern, consistency and accrual are fundamental accounting assumptions. Where fundamental accounting assumptions are followed in financial statements, disclosure of such assumptions is not required. If a fundamental accounting assumption is not followed, that fact should be disclosed together with the reasons;
  - (ii) Prudence, substance over form, and materiality should govern the selection and application of accounting policies;
  - (iii) Financial statements should include clear and concise disclosure of all significant accounting policies, which have been used;
  - (iv) The disclosure of the significant accounting policies used should be an integral part of the financial statements. The policies should normally be disclosed in one place;
  - (v) Financial statements should show corresponding figures for the preceding period. To facilitate comparison, the comparative figures for 2000 have been converted to euros at the rate of US1 = 0.123:
  - (vi) A change in an accounting policy that has a material effect in the current period or may have a material effect in subsequent periods should be disclosed together with the reasons. The effect of the change should, if material, be disclosed and quantified.
- (b) The UNIDO financial statements are prepared on the historical cost basis of accounting and have not been adjusted to reflect the effects of changing prices for goods and services.
- (c) Until 31 December 2001, the accounts of the Organization were presented in United States dollars. With effect from January 2002, the currency of accounts was changed to euros (GC.8/Dec.16). Therefore, all assets, liabilities, reserves and fund balances of the General Fund and other Headquarters funds were converted to euros on 1 January 2002, using the exchange rates approved by the General Conference (GC.9/Dec.15), i.e. ATS 13.7603 = €1 and \$1 = €1.123 (or £1=\$0.890472). Most extrabudgetary activities, however, continue to be in United States dollars. Therefore, for the Organization's consolidated financial statements purposes, these accounts are converted to euros using the methodology stated in note 1(g) below.
- (d) Fund accounting. The UNIDO accounts are maintained on a "fund accounting" basis. Separate funds for general or special purposes may be established by the General Conference or the Director-General. Each fund is maintained as a distinct financial and accounting entity, with a separate self-balancing double-entry group of accounts.

- (e) The fiscal period of the Organization is a biennium and consists of two consecutive calendar years.
- (f) The income, expenditure, assets and liabilities are recognized on the accrual basis of accounting except for trust funds and the Industrial Development Fund. For these funds, the actual contributions received from donors are shown as income (voluntary contributions), which are held in trust by UNIDO for the purpose of carrying out the implementation of projects/activities agreed to by the donors.
- (g) Translation of currencies. In accordance with General Conference decision GC.8/Dec.16, the accounts of the Organization are presented in euros. Transactions in other currencies are converted into euros as follows: income, expenditure and changes in reserves and fund balances at the applicable United Nations operational rate of exchange at the deemed date of the transaction; and assets, liabilities, reserves and fund balances at the applicable United Nations operational rate of exchange at the date of the statement (see also note 1 (q) below on Other income Gain/loss on exchange).
- (h) Assessed contributions. In accordance with financial regulation 5.6, payments made by a Member State are credited first to the Working Capital Fund and then to the contributions due, in the order in which the Member State was assessed.
- (i) Contributions in kind received or receivable and the value thereof are not accounted for, but disclosed in the notes to the financial statements.
- (j) Funds on deposit in interest-bearing bank accounts, certificates of deposit, time deposits and call accounts are shown in the statements of assets and liabilities as cash.
  - (k) Deferred charges—shown under other assets:
    - (i) Deferred charges comprise expenditure items that are not properly chargeable in the current fiscal period and that will be charged as expenditure in a subsequent fiscal period;
    - (ii) For balance sheet statement purposes only, that portion of the education grant advance which is assumed to pertain to the scholastic year completed as at the date of the financial statement is shown under deferred charges. The full amount of the advance is maintained in the accounts receivable from staff members until such time as the staff member produces the required proof of entitlement to the education grant, at which time the budgetary account is charged and the advance recovered.
- (l) Fixed assets. Furniture, equipment, other non-expendables and leasehold improvements are not included in the assets of the Organization. Acquisitions are charged against budgetary accounts in the year of purchase.
- (m) Commitments approved for future fiscal periods that are necessary in the interest of UNIDO, in accordance with financial rule 109.6, are disclosed in the notes to the financial statements of the respective fund. Such commitments are normally restricted to administrative requirements of a continuing nature and to other contracts or legal obligations where long lead times are required for delivery.
- (n) No provision is made in the General Fund for repatriation grant entitlements or to meet contingencies under appendix D to the Staff Rules of UNIDO, as funds are provided for in the budget appropriations. However, provision is made to meet repatriation grant entitlements and contingency liabilities for compensation payments under appendix D to the Staff Rules for personnel financed by technical cooperation other than UNDP and are calculated on the basis of one per cent of net base pay.
- (o) Special accounts. The General Conference at its ninth session established, with effect from 1 January 2002, a special account for Buildings Management Services (for other than staff costs) and a

special account for the Regular Programme of Technical Cooperation (GC.9/Dec.14). These special accounts are not subject to financial regulations 4.2(b) and 4.2(c); thus the budgetary surplus due to Member States excludes the balances available in these special accounts.

(p) Surpluses due to Member States are funds available for credit to Member States arising from unencumbered balances of the appropriations and contributions from new Member States. In accordance with financial regulation 4.2 (b), the unencumbered balance of the appropriations at the end of a fiscal period shall be surrendered to the Members at the end of the first calendar year following the fiscal period after deducting therefrom any contributions from Members relating to that fiscal period which remain unpaid, and shall be credited to the Members in proportion to their assessed contributions in accordance with the provisions of financial regulations 4.2(c) and 5.2(d). Financial regulation 4.2(c) requires that, before the respective share of the balance is surrendered to any Member that has outstanding regular budget obligations to the Organization, those obligations shall first be brought to account. Financial regulation 5.2(d) requires that any balance of the appropriations shall be adjusted against future assessments unless the General Conference decides otherwise.

#### (q) Other income:

- (i) The net income from sales of publications is reported under revenue-producing activities. Gross income and related costs are disclosed in the note to the General Fund (note 2(b));
- (ii) Refunds of expenditures charged to prior fiscal periods are credited to miscellaneous income;
- (iii) Moneys accepted in respect of which no purpose is specified are treated as miscellaneous income;
- (iv) Gain/loss on exchange arising from transactions in currencies other than euros, for the general and other Headquarters funds and revaluation of assets and liabilities held in local currencies;
- (v) Gain/loss on exchange arising from transactions in currencies other than dollars (i.e. for the dollar-based extrabudgetary technical cooperation activities in annex II, dollar statements) and the revaluation of assets and liabilities held in local currencies. However, for the euro presentation of dollar-based extrabudgetary activities in annex II, euro statements, the gain/loss resulting from the revaluation of non-euro assets, liabilities, reserves and funds balances is shown as "other adjustments to reserves and funds balances" on statement 1:
- (vi) Proceeds from the sale of surplus property are credited to the miscellaneous income of the respective funds.

#### (r) Technical cooperation accounts:

- (i) The appropriations for the Regular Programme of Technical Cooperation (RPTC) are administered in accordance with the financial regulations of UNIDO, and in accordance with the General Conference decision mentioned in paragraph (o) above;
- (ii) Allocation income—UNDP. The figures for allocation income from UNDP and UNDP trust funds are the same as reported for total expenditure in line with UNDP procedures, which require that allocations be adjusted to equal actual expenditure;
- (iii) Contributions income—trust funds and Industrial Development Fund (IDF). Voluntary contributions from Governments or other donors are recorded upon receipt of cash. The

use of such contributions is governed by agreements between UNIDO and the Government/donor. Upon termination, expiration, or revision of an agreement or receipt of other instructions from the Government/donor, any surplus remaining in a trust/other funds is returned to the Government/donor or disposed of as requested by the Government/donor;

- (iv) Interest and miscellaneous income. Interest income arising from the RPTC is credited to the General Fund; however, the miscellaneous income relating to the RPTC is credited to the special account. Interest income arising from the special account for Buildings Management is credited to that account, and finally prorated to the Vienna-based organizations taking into account the funds contributed by them and the date of receipt of such funds in the account. Interest income arising from UNDP activities are credited to the operating fund account maintained with that organization. Interest income arising from the Industrial Development Fund, other than the general-purpose segment, as well as the trust funds (effective 1 January 2002) relating to technical cooperation activities is credited to accounts payable until instructions regarding its disposal are received from the donor. Until 31 December 2001, such interest related to trust funds was credited to project balances. With the new policy, interest income on IDF and trust funds is dealt with in a consistent manner. Interest accrued under the general-purpose segment of the Industrial Development Fund is credited to that Fund;
- (v) The criteria for recording and reporting unliquidated obligations against the current biennium for the RPTC are the same as those for the regular budget; however, as stated in paragraph (o) above, these obligations are not subject to financial regulations 4.2(b) that requires that obligations shall remain available for twelve months following the end of the fiscal period to which they relate. For all other technical cooperation fund sources, obligations may be reported as expenditure of the current year on the basis of the following criteria:

#### **Personnel services**

The cost of salaries and related expenses corresponding to services rendered within the calendar year. Personnel services, in this context, includes temporary assistance and overtime as well as consultants who have subscribed to Special Service Agreements. However, when the remuneration of the consultant is expressed as a lump sum rather than a sum per period worked, the full cost of the contract may be treated as an obligation of the current year.

#### Supplies and equipment

The full cost of contracts or purchase orders entered into prior to the end of the year, whether or not delivery has been effected, as long as there is budgetary provision in the current period.

#### **Subcontracts**

An obligation can be maintained on the basis of the payment schedule included in the signed contract with the contractor. Where no payment schedule exists, the basis is the estimated timing of payments.

#### **Fellowships**

The cost of the fellowship from the date of commencement of study to completion of study or 31 December, whichever is earlier. The fellow must have been placed, i.e. the fellowship awarded to a named individual and the place, course and the duration of the study established and the recipient Government notified.

#### **Travel**

The full cost of travel, including the cost of transportation, subsistence allowances and other incidental expenses if travel started prior to the end of the calendar year.

#### **Group training**

The cost of activities held in the current year. In the case of activities beginning in one year and continuing into the next, the full cost of the activity should be charged to the current year.

- (vi) Unliquidated obligations for the current period in respect of all technical cooperation activities other than the regular budget remain valid for 12 months following the end of the year, rather than the biennium, to which they relate. However, in accordance with UNDP reporting requirements, executing agencies may retain unliquidated obligations beyond 12 months when a firm liability to pay still exists; such liabilities are reported as accounts payable in the financial statements. Savings on or the cancellation of obligations relating to the RPTC are credited to the special account approved by the General Conference. Savings on or the liquidation of prior period obligations in respect of all other technical activities are credited to individual projects as a reduction of current period expenditure in accordance with UNDP reporting requirements. The UNDP requirements are also applied in the case of the Industrial Development Fund and trust funds.
- (s) Trust funds. Director-General's bulletin UNIDO/DG/B.18/Rev.1 dated 15 May 1992 sets out revised policies for establishing and managing trust funds with effect from 26 May 1992. Extrabudgetary funds provided to reimburse the Organization for the use of its facilities are excluded from the provisions of UNIDO/DG/B.18/Rev.1.
  - (t) Special account for programme support costs:
    - (i) Reimbursement for programme support costs is provided for in respect of extrabudgetary technical cooperation activities. Reimbursement is calculated as a percentage of programme resources expended. However, during 2002, for certain projects financed by the Global Environment Facility, support cost was provided as a lump sum amount, the income on these projects was recorded on the basis of the actual resources expended during the year as compared to the total budget for such projects. The Montreal Protocol Fund, under a new arrangement that became effective January 2003, will make an annual lump sum payment of \$1.5 million as support cost for the implementation of its programme/projects; this amount will be recorded as current year income. The Fund will also pay a reduced support cost in respect of each of its projects, which, similar to most other technical cooperation activities will be calculated as a percentage of programme resources expended;
    - (ii) Under the UNDP successor arrangements for agency support services for programme and policy development (SPPD) as well as support for technical services (STS) are reimbursed at standard unit cost per work-month, whereas for administrative and operational services reimbursement is calculated at the rate of 10 per cent for all services;
    - (iii) In the financial statements of the Organization, the special account for programme support costs is shown separately from the inter-organization funds, from which its income derives;
    - (iv) Unliquidated obligations in respect of the special account for programme support costs are accounted for on the same basis as for the regular budget.

(u) *Ex-gratia* payments made in accordance with financial rule 109.13 are reported in the notes to the financial statements of the respective fund pursuant to financial regulation 9.3.

#### Note 2. General Fund and Working Capital Fund

#### (a) Assessed contributions

The General Conference approved an amount of €133,689,800 for the regular budget for 2002-2003 (GC.9/Dec.17) to be financed from contributions by Member States, one half of which (€66,844,900) was assessed to Member States for 2002, in accordance with financial regulation 5.1(c).

#### (b) Revenue-producing activities

Gross revenue from the sale of UNIDO publications was €76,482, one half of which (€38,241) was transferred to the sales publication revolving fund. Sales promotional activities and other costs charged to the sales publication revolving fund of €39,943 resulted in a net deficit for 2002 of €1,702. The net balance of the sales publication revolving fund as at 31 December 2002 is €134,175.

#### (c) Interest income in excess of the budgetary estimates

Interest income in excess of the budgetary estimate ( $\in 800,000$ ) for the year 2002 is  $\in 119,851$ ; actual amount, if any, due for distribution to eligible Member States will be determined at the end of the biennium. Pursuant to decision GC.8/Dec.10, this amount is added to accounts payable established for this purpose in 1999. As at 31 December 2002, the balance in this account was  $\in 587,348$ , out of which funds amounting to  $\in 418,214$  were credited to eligible Member States, in accordance with the "S" curve formula, when their assessed contributions for the year 2003 were calculated. For the disposal of the remaining  $\in 49,283$  (i.e.  $\in 587,348$ — $\in 418,214$ — $\in 119,851$ ), the Organization is awaiting instructions from the eligible Members.

#### (d) Miscellaneous income

Of the total miscellaneous income, €517,841 arises through the re-charge of EDP facilities to UNOV and CTBTO.

#### (e) Staff costs

A fund was established to provide cushioning against fluctuations in the Van Breda premiums. However, prior to 2002, the practice of paying money into the reserve fund had stopped and the fund was not being used to absorb further increases. Pursuant to a request from the UNIDO Staff Council and the recommendation at the  $287^{th}$  meeting of the Joint Advisory Committee, it was decided to fully distribute this reserve on an equal basis. The fund had a balance of €472,215 shown as accounts payable as at 1 January 2002 to which €7,821 was credited as interest income, thus resulting in a total amount of €480,036. This distribution took place in 2002.

#### (f) Regular Programme of Technical Cooperation and IDDA supplementary activities

An amount of  $\in 4,985,785$  was recorded as 2002 expenditures, which include  $\in 3,982,392$  for RPTC and  $\in 1,003,393$  for IDDA supplementary activities. Of the RPTC expenditures of  $\in 3,982,392$ , the amount of  $\in 1,669,533$  was recorded as actual project expenditures under technical cooperation activities in 2002.

The remaining balance as at 31 December 2002 of  $\{0.3,982,392 \rightarrow 0.4,669,533\}$  is reported under other reserves. This balance as well the 2003 appropriations have been or are being programmed, and it is expected that most of these resources will be utilized during the biennium. These resources have been placed in a special account that is not subject to financial regulations 4.2(b) and 4.2(c), which means that any unspent allocation will not form part of the unencumbered balance of the appropriations at the end of the biennium (see paragraph 1(o) above).

#### (g) Prior biennium adjustments

The credit of €9,111 is attributable to an additional United States income tax claim submitted to the Government of the United States of America in respect of United States income tax reimbursed to a UNIDO staff member in 1996 and 1997 under the tax reimbursement agreement.

#### (h) Savings on or cancellation of obligations from the prior biennium

A  $\[ \]$ 4,315,698 net saving arises from the cancellation of 2000-2001 obligations. This amount consists of savings on the cancellation of obligations from the prior biennium of  $\[ \]$ 4,559,778 plus exchange gains resulting from the settlement of prior biennium dollar obligations of  $\[ \]$ 214,447 less expenditures relating to the prior biennium of  $\[ \]$ 458,527.

This saving is further reduced by an amount of  $\[mathebox{\in} 182,293\]$  (\$180,667) as a result of the reimbursement to the IDF. In December 2001, funds from the general-purpose segment of the IDF amounting to \$245,667 were temporarily used to cover overexpenditures under the RPTC (\$180,667) and the projects implemented from the unencumbered balances of the appropriations (\$65,000). This situation resulted from overprogramming aimed at ensuring full implementation of the approved programmes, as well as the revaluation of accounts required under the split-currency system of assessment (reference note 3(b) of document IDB.26/2-PBC.18/3). This amount disclosed under transfers to/from other funds, therefore, reduces the budgetary surplus from the 2000-2001 biennium by  $\[mathebox{\in} 182,293.$ 

#### (i) Accounts receivable—other

Accounts receivable—other include the Organization's claim amounting to €955,784 submitted to the Government of the United States of America in respect of United States income tax reimbursed to UNIDO staff members during the period 1994 to 1996 under the Tax Reimbursement Agreement. The Government of the United States of America had communicated to the Organization that it acknowledges this debt; however, no payment was received during 2002.

The Organization's claim to the International Atomic Energy Agency under the cost-sharing agreement for termination indemnity costs for Buildings Management staff separated during the 1995 staff reduction exercise is not resolved. The amount claimed is \$644,500 (€723,774 at the United Nations operational rate of exchange approved by the ninth session of the General Conference (GC.9/Dec.15)). A provision for a possible write-off of this receivable is included in accounts payable.

#### (j) Reserve for exchange rate fluctuations

In order to protect the Organization from exchange rate fluctuations resulting from the introduction of the euro as a single currency for the preparation of the programme and budgets, appropriation and assessment, collection of contributions and advances, and currency of accounts, the General Conference (GC.8/Dec.16) authorized the Director-General to establish a reserve, not subject to the provisions of financial regulations. The dollar requirements for 2002-2003 were calculated using the January to December 2000 average United Nations euro/dollar exchange rate, i.e. &1 = \$0.925754 (reference PBC.17/3-IDB.24/3), or \$1 = &1.0802006. In view of a stronger euro, it is expected that the reserve, which, at present, has a zero balance, will receive a credit during 2003. The amount that would be transferred to the reserve would be the difference between the euro value of actual dollars expended and the budgeted cost of these dollars. No amount was transferred to the reserve as at 31 December 2002. An adjustment for the 2002-2003 biennium will be made in December 2003.

#### (k) Assessed contributions received in advance

Assessed contributions totalling €1,111,821 were received from Member States to be applied against the 2003 assessment. This amount includes €686,272 resulting from the amount renounced by Japan from its shares of the unencumbered balances of the appropriations, income from new Member States and interest

income in excess of budgetary estimates to be credited to a number of Member States (reference GC.9/Dec.10).

#### (l) Borrowings

At the time UNIDO became a specialized agency, an interest-free loan of \$16,000,000 was received from the United Nations. The loan is repayable at the rate of \$1,000,000 a year, commencing in 1990. The total amount due as at 31 December 2002 amounts to \$3,000,000 ( $\epsilon$ 2,874,000 at the United Nations operational rate of exchange as at 31 December 2002).

#### (m) Working Capital Fund

- (i) The amount of the Working Capital Fund was set by the General Conference at \$9 million (GC.2/Dec.27). The level of the Fund was reduced to \$6,750,000 (GC.6/Dec.16) for the biennium 1996-1997 and was further reduced to \$6,610,000 for the biennium 1998-1999 (GC.7/Dec.12); \$6,610,000 was approved for the biennium 2000-2001 (GC.8/Dec.14), and the biennium 2002-2003 (GC.9/Dec.13). Effective 1 January 2002, the amount (\$6,610,000) was converted to euros in accordance with GC.9/Dec.15, resulting in a Working Capital Fund of €7,423,030;
- (ii) The advances received from Member States amounted to €7,347,001, thus an amount of €76,029 was outstanding at year end, which is shown as "other contributions receivable".

#### (n) Revaluation of non-euro obligations

Non-euro 2002 obligations have been revalued as at 31 December 2002 at the United Nations operational rate of exchange, resulting in a reduction in expenditure of €271,665.

#### (o) Commitments

Commitments of €334,621 representing legal obligations for which disbursements will be made in future years, were entered into prior to 31 December 2002. Non-euro commitments have been revalued at the United Nations operational rate of exchange as at 31 December 2002.

#### (p) Surplus due to Member States

The following is an analysis of the surpluses due to Member States, expressed in millions of euros after application of the provision for the delay in the collection of assessed contributions. The provision represents contributions receivable from Member States and new Member States for prior bienniums at balance sheet date. In accordance with General Conference decision GC.9/Dec.10, surpluses due to Member States for the bienniums 1992-1993, 1996-1997 and 1998-1999, as well as income from new Member States were set aside pending receipt of Member States' intentions as to the use of their share. As at 31 December 2002, instructions had not been received from Member States in respect of surpluses of  $\epsilon$ 911,151 and income from new Member States of  $\epsilon$ 41,204. These amounts are reported under accounts payable—other. Also under accounts payable—other is an amount of  $\epsilon$ 93,295 in respect of surpluses due to non-eligible Member States.

|   | Surplus | Disposal<br>of<br>surpluses | Surpluses<br>applied to<br>assessments | Prior<br>biennium<br>adjustments | Surpluses<br>due for<br>distribution | Provisions for<br>delays in the<br>collection of<br>contributions | Surpluses<br>due to<br>Member<br><u>States</u> | <u>Remarks</u>            |
|---|---------|-----------------------------|--|----------------------------------|--------------------------------------|---|--|---------------------------|
| 2002  | 8.4     |                             |  |                                  |                                      |   | 8.4  | Provisional               |
| 2000-2001   | 10.3    |                             |  |                                  |                                      | 6.6   | 3.7  |                           |
| 1998-1999   | 14.7    | 2.1                         | 2.0                                    | 0.5                              | 0.7                                  | 8.9   | 0.5  |                           |
| 1996-1997<br>(GC.8/Res.4)                                   | 46.8    | 4.6                         | 1.9                                    | (0.4)                            | 0.2                                  | 40.3  | 0.2  |                           |

| Total   | 155.9   | 39.0                        | 7.5                                    | 0.4                              | 1.0                                  | 106.8   | 1.2  |                           |

# (q) Contributions in kind

Contributions in kind estimated at €211,390 were received from Member States in support of the UNIDO field offices.

#### (r) Other reserves

Other reserves comprise the following:

|                                  | <u>€000's</u>  |
|----------------------------------|----------------|
| Separation indemnity reserves    | 5,503.3        |
| Sales Publication Revolving Fund | 134.2          |
| Special account for RPTC (2002)  | <u>2,312.9</u> |
|                                  | 7,950.4        |

#### (s) Separation indemnity reserves

Pursuant to decision GC.6/Dec.15, paragraph (e), the amount of \$9,546,732 representing the balance of appropriations for the biennium 1992-1993, which was actually received by the Organization, was transferred to a separation indemnity reserve in 1995. The reserve had effectively been reduced to \$991,717 (€1,113,698) by payments made during the period 1995 to 2001 amounting to \$8,555,015. No payments were made during the year 2002, thus the balance remained at €1,113,698. Pursuant to decision GC.7/Dec.17, the amount of \$13.9 million was transferred from the unencumbered balance of the appropriations for the biennium 1994-1995 for the funding of the separation indemnity reserve to meet the cost of staff separations resulting from the 1998-1999 programme and budgets. Unlike the previous allocation from the 1992-1993 biennium, the allocation from the 1994-1995 biennium was not supported by the actual cash, as large arrears for this biennium exist. This reserve had effectively been reduced to \$3,908,824 (€4,389,609) by payments made during the period 1998-2001 of \$9,991,176. No payments were made during 2002, thus the balance remained at €4,389,609.

#### (t) Eliminations

Eliminations comprise three elements as shown below:

- (a) Buildings Management Services costs charged to UNIDO. An amount of €2,736,800 is eliminated from both operating costs and contractual services to avoid double counting of UNIDO's contribution to Buildings Management Services;
- (b) Expenditure of €2,672,900 on RPTC and IDDA supplementary activities is re-analysed into its component parts;
- (c) Interfund balances are adjusted by €572,400 revaluation item arising on consolidation of technical cooperation activities into euro statements.

#### (u) Long-term contracts

Long-term contracts awarded for the operation of the VIC are not reported as commitments, as they may be terminated at any time without penalty.

#### (v) Non-expendable equipment

The following table shows the non-expendable equipment, at cost, expressed in millions of euros, according to the cumulative inventory records of UNIDO as at 31 December 2002. In accordance with UNIDO accounting policies, non-expendable equipment is not included in the fixed assets of the Organization, but is charged against the appropriations when acquired. The minimum euro value per item of non-expendable property is  $\\epsilon_1$ ,500.

| Balance as at 1 January 2002   | 14.1 |
|--------------------------------|------|
| Deduct: adjustment             | -    |
| Add: acquisitions during 2002  | 0.5  |
| Deduct: disposals during 2002  | 1.3  |
| Balance as at 31 December 2002 | 13.3 |

#### (w) Contingent liabilities

#### (i) End-of-service payment to staff

In accordance with the decision taken by the Panel of External Auditors in 1989 at Manila, UNIDO calculated the amounts required to cover the estimated costs of contingency liabilities for end-of-service payments as at 31 December 2002.

In line with United Nations accounting standards, liabilities for end-of-service payments comprise end-of-service allowance, repatriation grant and compensation for accrued annual leave. To provide a more realistic picture, the amount required for the removal of household goods has also been included with effect from 2002. The valuation is based on the standard salary scale and the entitlements defined in the staff regulations and rules, as well as taking into account the cost of staff separating during the year 2002. They are estimated to be:

Regular budget €22.1 million
Operational budget € 5.5 million

Post-retirement benefits are excluded.

It should be noted that no budgetary provision has been made, except in the case of the operational budget, as reflected in statement II and note 3(g) (operating reserve). There is a contingency reserve of  $\epsilon$ 4.83 million (\$4.3 million), which was effectively reduced to  $\epsilon$ 2.49 million by negative fund balances as at 31 December 2002 (see note 3(g)).

#### (ii) The United Nations Joint Staff Pension Fund

Pursuant to Article 26(a) of the Regulations and Rules of the United Nations Joint Staff Pension Fund, member organizations are obliged to pay in the sum necessary to make good the deficiency in the event that the actuarial valuation of the Fund shows that its assets may not be sufficient to meet its liabilities under these regulations. The United Nations Joint Staff Pension Fund Secretariat is to determine the potential liability of each member organization. In the report of the twenty-sixth actuarial valuation of the United Nations Joint Staff Pension Fund, the Consulting Actuary has assessed the actuarial sufficiency of the Fund, and that there is no requirement for deficiency payments under Article 26 of the Regulations of the Fund as at 31 December 2001. The next actuarial valuation would be on 31 December 2003.

#### (iii) After-service health insurance

Staff members (their spouses, dependent children or survivors) retiring from service under the Pension Fund regulations at age 55 or later are eligible for after-service health insurance coverage after having been a participant in a contributory health insurance scheme of the common system for at least 10 years. The same applies to staff members receiving compensation for disability under Appendix D to the staff rules. Costs of participation in this scheme are borne on the basis of joint contributions by UNIDO and the participants concerned.

During the year 2002, the Organization's contribution to the scheme amounted to  $\{0.0,0.055$ . The contributions against the Buildings Management Services amounted to  $\{0.0,0.055\}$ , which were cost-shared with other Vienna-based organizations. In accordance with Programme and Budget Committee conclusion 2000/2, an actuarial study to determine the financial impact of the after-service health insurance was carried out, which shows the present level of unfunded liabilities as at December 2002 to be  $\{0.0,0.055\}$  million. A United Nations system-wide solution is being sought. The lead agency on this issue, established by the High-Level Committee on Management, Financial and Budget Network, is the United Nations.

#### (x) Common Fund for Major Repairs and Replacements

On 1 January 1981, an agreement between the Republic of Austria, the United Nations, and IAEA went into effect to establish a common fund for the purpose of financing the cost of major repairs and replacements of buildings, facilities and technical installations, which are the property of the Republic of Austria and form part of the Headquarters areas of the United Nations and IAEA at the Vienna International Centre. This agreement has also applied to UNIDO since 1986, when it became a specialized agency. The Fund is administered by UNIDO through a joint committee. Annual financial statements are prepared by UNIDO and audited by its Internal Oversight Group. The liability of each of the three Vienna-based organizations, which was under the agreement limited to \$150,000 per year, i.e. \$25,000 as an annual contribution and up to \$125,000 as reimbursement of approved expenditures incurred in the previous year, was increased to \$325,000 as of 1 January 1996. The Republic of Austria was liable to pay the balance exceeding the combined limit of \$900,000 established for the three United Nations organizations. In 1999, an agreement was reached between the Vienna-based organizations and CTBTO to share the annual contribution as well as the annual expenditure equally among the four of them, i.e. \$18,750 as an annual contribution and up to \$225,000 as reimbursement of approved expenditure incurred in the previous year.

In 2002, an agreement was reached between the Vienna-based organizations and the Republic of Austria under which reimbursement of the disbursements made during the year 2001 (\$988,626) was not required. Under this agreement, there will only be annual assessed contributions to the Fund as follows: the Republic of Austria ( $\in$ 1,235,300) and the Vienna-based organizations ( $\in$ 1,235,300). Furthermore, unexpected major repairs and replacements, which are not included in the agreed investment plan, will have to be shared by all parties. In the past, such costs were fully absorbed by the Austrian Government.

The Fund balance as at 31 December 2002 is €1,853,431.

#### Note 3. Other Headquarters funds

- (a) Funds reported under this heading comprise:
  - (i) Special Account for Programme Support Costs;
  - (ii) Computer Model for Feasibility Analysis and Reporting (COMFAR);
  - (iii) Buildings Management Services (BMS).
- **(b)** With effect from 1 January 2002, the General Conference approved BMS as a separate, self-balancing major programme in the programme and budgets for 2002-2003 (GC.9/Dec.17). All BMS expenditures are offset by income, i.e. contributions received from other Vienna-based organizations and from UNIDO. Consequently, under the UNIDO General Fund, only UNIDO's share of the BMS operations is included (reference IDB.24/3-PBC.17/3). In view of the above, BMS is reported under other funds rather than under General Fund and Working Capital Fund for the first time in 2002. The General Fund and Working Capital Fund now show only UNIDO's contribution to BMS costs. BMS operations are further split into two components:
  - (i) Staff costs: This continues to be subject to the provisions of financial regulations 4.2(b) and 4.2(c);
  - (ii) Special account for Buildings Management Services (for other than staff costs): The ninth session of the General Conference (GC.9/Dec.14) established with effect from January 2002 a special account for BMS (for other than staff costs), which is not subject to financial regulations 4.2(b) and 4.2(c). Thus the budgetary surplus, if any, will not require distribution to Member States. Each Vienna-based organization (UNIDO, IAEA, UNOV and CTBTO) is required to pay its share into this account. Interest income is credited to

the account. This amount is then prorated to each Vienna-based organization taking into account the funds contributed by it and the date of receipt of such funds in the special account.

Additional analysis of BMS operations is provided in schedule 4.1–supplementary and the analysis on the special account is provided in annex IV. The surplus on the special account for BMS costs of €4,386,485 does not form part of the unencumbered balances of the appropriations due to Member States at the end of the biennium.

#### (c) Voluntary contributions

Voluntary contributions include €186,481 renouncements as income from Member States to the special account for programme support costs (reference decision GC.9/Dec.10, through which the General Conference strongly encouraged Member States to consider renouncing their shares of the unencumbered balances of appropriations, income from new Member States and interest income in excess of budgetary estimates for the regular budget and/or for technical cooperation activities).

#### (d) Currency adjustment

The €744,276 exchange difference results primarily from the revaluation of the United States dollar cash and term deposits held by the special account for programme support costs.

#### (e) Net excess (shortfall) of income over expenditure

The following is an analysis of income and expenditure during 2002 for the funds reported under this heading:

Table 1

|   | Special account for programme support costs | Computer Model<br>for Feasibility and<br>Analysis | Buildings<br>Management<br>Services | Total    |
|---|---|---|-------------------------------------|----------|
|   |   | (In thousands of                                  | euros)                              |          |
| Income (including savings on cancellation of obligations from prior biennium) | 10,170.7                                    | 324.1   | 17,950.7                            | 28,445.5 |
| Expenditure (including loss on exchange)                                      | 11,029.8                                    | 392.6   | 13,560.8                            | 24,983.2 |
| Net (shortfall) of income over expenditure                                    | (859.1)                                     | (68.5)  | 4,389.9*                            | 3,462.3  |

<sup>\* €4,386,485</sup> relates to the special account (see annex IV).

#### (f) Other adjustments to reserves and fund balances

Commencing 2002, sales income under the Computer Model for Feasibility and Analysis is accounted for on a receipt rather than on an accrual basis, reflecting the fact that the initial invoices issued upon a sales enquiry are proforma. The fund balance is adjusted by €38,482 (\$34,267) in respect of 'proforma' debtors from prior years still outstanding as at 31 December 2002.

#### (g) Operating reserve

An operating reserve, established in respect of the special account for programme support costs in accordance with PBC conclusion 1989/4 at \$5,504,190 was reduced to \$4,300,000 ( $\epsilon$ 4,828,900) in accordance with Board decision IDB.14/Dec.12. The net reserve of \$1,616,453 brought forward from 1999 was effectively increased by the positive fund balance of \$1,362,457 for 2000-2001 to \$2,978,910 ( $\epsilon$ 3,345,316).

The reserve as at 31 December 2002 amounted to €2,486,203 (the opening balance of €3,345,316 less the 2002 deficit of €859,113).

#### (h) Commitments

Commitments, representing legal obligations for which disbursements will be made in future years, were entered into prior to 31 December 2002 as below. Non-euro commitments have been revalued at the United Nations rate of exchange as at 31 December 2002.

|   | <u>€000's</u> |
|---|---------------|
| Special account for programme support costs | 81.1          |
| Computer Model for Feasibility and Analysis | 41.4          |
| Buildings Management Services               | 7.8           |

#### (i) Revaluation of non-euro obligations

Non-euro 2002 obligations have been revalued as at 31 December 2002, resulting in a reduction in expenditure as follows:

|   | <u>€000's</u> |
|---|---------------|
| Special account for programme support costs | 72.9          |
| Buildings Management Services               | 1.0           |

#### (j) Contributions in kind

Contributions in kind estimated at €23,011 were received from Member States in support of UNIDO projects.

The net reserve as at 31 December 2002 amounted to  $\[ \in \]$ 2,486,203. The deficit for 2002 amounted to  $\[ \in \]$ 859,113.

#### **Note 4.** Technical cooperation

#### (a) Technical cooperation activities

Technical cooperation activities reported under this heading comprise activities executed by UNIDO with funds provided through the Industrial Development Fund, trust funds and inter-organization arrangements with UNDP and other organizations, as well as the special account for the implementation of integrated programmes from the unencumbered balances of the appropriations (GC.8/Res.4). These activities are governed by various agreements signed by the two parties, i.e. donor(s) and UNIDO.

#### (b) Euro presentation of technical cooperation activities

The significant majority of voluntary contributions are received in United States dollars for projects programmable almost exclusively in that currency. Currently, donor reporting is also undertaken in United States dollars (GC.9/Dec.15).

However, in order to present consolidated financial statements (Statements I and II) of UNIDO for the year ending 31 December 2002, all technical cooperation activities required conversion to euros.

Annex II, tables 1 and 2 are, therefore, provided in both United States dollars and euros.

The approach for preparing the euro statement is based on the following:

- (i) Non-euro income, expenditure and changes in reserves and fund balances—other than as highlighted below—will be stated at the equivalent amount of euros applicable as at the deemed date of the transaction applying the United Nations operational rate of exchange as at that date:
- (ii) Non-euro assets, liabilities, reserves and fund balances as at 31 December 2002 will be converted to a euro equivalent using the United Nations operational rate of exchange as at 31 December 2002 (reference GC.9/Dec.15);
- (iii) The reserves and fund balances at the beginning of 2002 are based on the opening United States dollar values converted at a rate of US\$1=€1.123 (GC.9/Dec.15);
- (iv) The currency exchange adjustment figure essentially represents the realized gain or loss on non-euro transactions during the year and the savings achieved in 2002 on the liquidation of prior year United States dollar obligations;
- (v) The 'Other adjustments to reserves and fund balances' figure is the gain or loss that would result from the revaluation of all non-euro assets, liabilities, reserves and fund balances to euros using the United Nations operational rate of exchange as at 31 December 2002.

#### (c) Separate disclosure of Montreal Protocol

For 2002, Montreal Protocol is disclosed separately in annex II. Previously, this had been combined with the statement for the Industrial Development Fund.

#### (d) Common Funds for Commodities

For 2002, these funds are correctly reported as part of trust funds and not the Industrial Development Fund. The transfer of the cumulative fund balance of \$450,875 (€506,333) is reported within transfers to and from other funds.

#### (e) Interest on donor funds

For the Industrial Development Fund, other than the general pool, and from 2002 for trust funds, interest earned from the investment of funds, net of bank charges and realized exchange gain or loss, is represented as a liability within "Accounts payable—other". As at 31 December 2002, the amounts were as follows:

|                             | <u>US\$000's</u> | <u>€000's</u>  |
|-----------------------------|------------------|----------------|
| Industrial Development Fund | 7,348.6          | 7,040.0        |
| Trust funds                 | <u>1,053.6</u>   | <u>1,009.3</u> |
|                             | 8,402.2          | 8,049.3        |

The disposal of the interest income is governed by agreements with donors. This may include the return of such funds or the transfer of such funds to other projects, in which case they will be shown as voluntary contributions.

Prior to 2002, trust fund interest income, exchange gain or loss and bank charges would have been disclosed under "Other income". The new presentation more appropriately reflects the nature, legal status

and the timing as to when such amounts are considered additional programmable funds. The adoption of this policy has resulted in 2002 trust fund income being reported \$1,053,600 less than it would have been under the previous policy (\$1,635,000 for 2001).

Notwithstanding the above, interest income recorded under trust funds for 2002 principally relates to an adjustment for prior year interest on a project, which in 2001 was shown under the Montreal Protocol (part of the Industrial Development Fund).

Negative interest income recorded under the Global Environment Facility (GEF) in 2002 relates to an adjustment from 2001. GEF interest, net of bank charges, is recorded as a liability under "Accounts payable—other" (\$162,400/€155,600 as at 31 December 2002).

#### (f) Unrealized exchange gains and losses

In accordance with the United Nations System Accounting Standards, monetary assets and liabilities are revalued at the United Nations operational rate of exchange in effect at 31 December 2002.

For the Industrial Development Fund and trust funds, the resultant unrealized gain is not distributed to donors as per (e) above on the grounds of prudence. These amounts, arising principally from the revaluation of euro cash and term deposits, are set aside within "Accounts payable—other" as follows:

|                             | <u>US\$000's</u> | <u>€000's</u>  |
|-----------------------------|------------------|----------------|
| Industrial Development Fund | 673.8            | 645.5          |
| Trust funds                 | <u>2,187.7</u>   | <u>2,095.8</u> |
|                             | <u>2,861.5</u>   | <u>2,741.3</u> |

#### (g) Currency exchange adjustment

#### (i) Annex II, table 1 – US dollar statements

Table A shows the analysis of the currency exchange credit. A distinction is drawn between realized gains and losses resulting through the conduct of transactions in other than United States dollars and unrealized gains and losses resulting from the re-statement of non-United States dollar assets and liability values to an equivalent dollar value as at 31 December 2002.

For these funds, where contributions are received, programmed and disbursed almost exclusively in United States dollars, any unrealized gains or losses from the revaluation of non-United States dollar assets and liabilities, are recorded through table 1 and the programmable fund balance adjusted accordingly.

Table A

|  | Regular Programme            | Montreal Protocol | GEF   | Total |  |  |  |
|--|------------------------------|-------------------|-------|-------|--|--|--|
|  | (In thousands of US dollars) |                   |       |       |  |  |  |
| Realized<br>On 2002 transactions   | 0.9                          | (5.2)             | (0.1) | (4.4) |  |  |  |
| Unrealized Revaluation of non-US dollar assets and liabilities at 31 December 2002 | 1.2                          | 6.9               | 3.8   | 11.9  |  |  |  |
| Currency exchange adjustment   | 2.1                          | 1.7               | 3.7   | 7.5   |  |  |  |

#### (ii) Annex II, table 1—euro statements

Table B shows the analysis of the currency exchange credit. A distinction is drawn between realized gains and losses resulting through the conduct of transactions in other than euros and the savings resulting from the 2002 settlement of United States dollar obligations from prior years at a different euro rate of exchange.

Table B

|   | Regular<br>Programme | IDF   | Montreal<br>Protocol | GEF          | Trust fund | Special<br>account for<br>IPs | Total   |
|---|----------------------|-------|----------------------|--------------|------------|-------------------------------|---------|
|   |                      |       | (In                  | thousands of | f euros)   |                               |         |
| Realized On 2002 transactions               | (3.3)                |       | (6.4)                | (0.1)        |            |                               | (9.8)   |
| Euro savings on prior year US\$ obligations |                      | 304.5 | 490.3                | (3.0)        | 238.7      | 57.8                          | 1,088.3 |
| Currency exchange adjustment                | (3.3)                | 304.5 | 483.9                | (3.1)        | 238.7      | 57.8                          | 1,078.5 |

#### (h) Transfers to reserves

This represents the charge to projects in respect of the provision for compensation payments under Appendix D to the staff rules.

#### (i) Reimbursement of the Industrial Development Fund

In December 2001, funds from the general-purpose segment of the Industrial Development Fund amounting to \$245,667 were temporarily used to cover overexpenditures under the Regular Programme of Technical Cooperation (\$180,667) and the projects implemented from the unencumbered balances of the appropriations (\$65,000). This situation resulted from over-programming aimed at ensuring full implementation of the approved programmes, as well as the revaluation of accounts required under the split-currency system of assessment (reference document IDB.26/2-PBC.18/3).

During 2002, the Industrial Development Fund has been fully reimbursed with these funds from the savings realized on the cancellation of obligations, the transfer being reported within transfers to and from other funds.

#### (j) Cash and term deposits

Of the \$171,102,200 (€163,916,000) cash balance, the equivalent of \$1,949,100 (€1,867,200) is held in currencies classified as non-convertible, as follows:

|                                 | <u>US\$000's</u> | <u>€000's</u>  |
|---------------------------------|------------------|----------------|
| Industrial Development Fund     | 1,377.7          | 1,319.8        |
| Trust funds                     | 552.5            | 529.3          |
| Inter-organization arrangements | 18.9             | 18.1           |
|                                 | <u>1,949.1</u>   | <u>1,867.2</u> |

#### (k) Operating reserves

The Industrial Development Board, in decision IDB.2/Dec.7, authorized the freezing of the operational reserve of the Industrial Development Fund at \$550,000 (€526,900 at the United Nations rate of exchange as at 31 December 2002).

#### (l) Commitments

Commitments, representing legal obligations for which disbursements will be made in future years, were entered into prior to 31 December 2002, as below. Non-United States dollar commitments have been revalued at the 31 December 2002 United Nations rate of exchange:

|                                 | <u>US\$000's</u> | <u>€000's</u> |
|---------------------------------|------------------|---------------|
| Industrial Development Fund     | 4,065.4          | 3,894.7       |
| Montreal Protocol               | 5,336.8          | 5,112.6       |
| Global Environment Facility     | 3,749.7          | 3,592.2       |
| Trust funds                     | 3,718.5          | 3,562.3       |
| Inter-organization arrangements | 1,862.7          | 1,784.5       |
|                                 | <u>18,733.1</u>  | 17,946.3      |

Payments of \$155,438 (€148,909) made in 2002 against future commitments are recorded as deferred expenditure under "Other assets".

#### (m) Revaluation of non-United States dollar obligations

Non-United States dollar 2002 obligations within technical cooperation (excluding inter-organization arrangements) have been revalued as at 31 December 2002. Expenditure is increased as follows:

|  | <u>US\$000's</u> |
|--|------------------|
| Regular Programme of Technical Cooperation | 8.0              |
| Industrial Development Fund                | 44.8             |
| Montreal Protocol                          | 17.8             |
| Global Environment Facility                | 2.6              |
| Trust funds                                | 49.5             |
|  | 122.7            |

The revaluation was not reflected in an additional programme support cost, but the amounts were considered immaterial.

#### (n) Contributions in kind

Contributions in kind estimated at \$60,856 ( $\in$ 58,300) were received from Member States in support of UNIDO projects and \$6,200 ( $\in$ 5,940) in support of project travel.

#### (o) Ex-gratia payments

No ex-gratia payments were made in 2002.

#### (p) Field IOVs

The backlog amounting to \$9,192,315 of unprocessed field inter-office vouchers as at 31 December 2001 was reduced to \$3,697,328. This represents a normal amount of backlog, which results from the time required by the UNDP field offices to submit field inter-office vouchers to UNIDO and the need to process these in accordance with UNIDO's financial regulations, rules and other administrative instructions.

#### Note 5. Self-liquidating commercial activities (annex I)

#### **VIC Catering Services**

Contingency liabilities for termination benefits and indemnities claimed by the previous caterer (EUREST) were the subject of ongoing arbitration. An agreement was reached in February 2003 under which the previous caterer was paid an amount of  $\epsilon$ 519,611 (excluding VAT) as a final settlement of all claims against the Vienna-based organizations. Funds were available within the old catering account to meet this obligation.

Non-expendable equipment used by the VIC Catering Services has been purchased by UNIDO on behalf of the Vienna-based organization. New non-expendable equipment in the amount of €219,433 was purchased in the year 2002. According to cumulative inventory records, the total value of such equipment amounts to €1,882,642. In accordance with agreements regarding the operation of the VIC, 82.68 per cent of the value of equipment acquired during 2002 was recovered from other agencies. The equipment has been used by the new caterer (WIWAG) since January 2000.

Details of the self-liquidating commercial activities are shown in the notes to the financial statements, annex I.

#### Notes to the financial statements—Annex I

#### Note to the above:

- (a) For 2002, Common Funds for Commodities are reported as part of trust funds, and not the IDF (see note 4(d)).
- (b) From 2002, interest on donor funds is not recorded as income for the year, but reported as a liability (see note 4(e)).

(In euros)

#### **ASSETS**

| Cash  | 4,988,062 |
|---|-----------|
| Accounts receivable                                   |           |
| VAT/energy tax/ELWOG                                  | 940,469   |
| Contributions receivable                              |           |
| IAEA  | 1,526,969 |
| UNIDO   | 504,042   |
| СТВТО   | 129,839   |
| Other   | 5,055     |
| TOTAL ASSETS  | 8,094,436 |
| <u>LIABILITIES</u>                                    |           |
| Unliquidated obligations                              | 2,339,841 |
| Accounts payable                                      |           |
| Advances <sup>1</sup>                                 | 1,361,911 |
| Other   | 6,199     |
| TOTAL LIABILITIES                                     | 3,707,951 |
| FUNDS BALANCE   |           |
| Balance available as at 1 January 2002                | 0         |
| Add: Excess of income over expenditure for 2002       | 4,386,485 |
| Balance available as at 31 December 2002 <sup>2</sup> | 4,386,485 |
| TOTAL RESERVES AND FUND BALANCE                       | 4,386,485 |
| TOTAL LIABILITIES, RESERVES AND FUND BALANCE          | 8,094,436 |

<sup>&</sup>lt;sup>1</sup> The advances (€1,361,911) comprise of amounts of IAEA (€851,964), UNOV (€380,648) and CTBTO (€129,299) in respect of the asbestos removal programme. As at 31 December 2002, CTBTO had not paid this advance and the amount is also shown under contributions receivable. In 2003, IAEA's share was refunded upon receipt of instruction. No invoice was issued to UNIDO for these costs, in compliance with UNIDO's financial regulation 4.2(b).

<sup>&</sup>lt;sup>2</sup> The fund balance comprises the following:

|                                | IAEA        | UNIDO       | UNOV        | CTBTO     | Total       |
|--------------------------------|-------------|-------------|-------------|-----------|-------------|
| Annual contribution            | 6,107,875   | 2,016,169   | 2,558,626   | 958,030   | 11,640,700  |
| Interest (net of bank charges) | 22,335      | 18,306      | 9,877       | 2,598     | 53,116      |
