Sustainable Cities – Integrated Approach Pilot:

Progress Update

Xueman Wang, World Bank

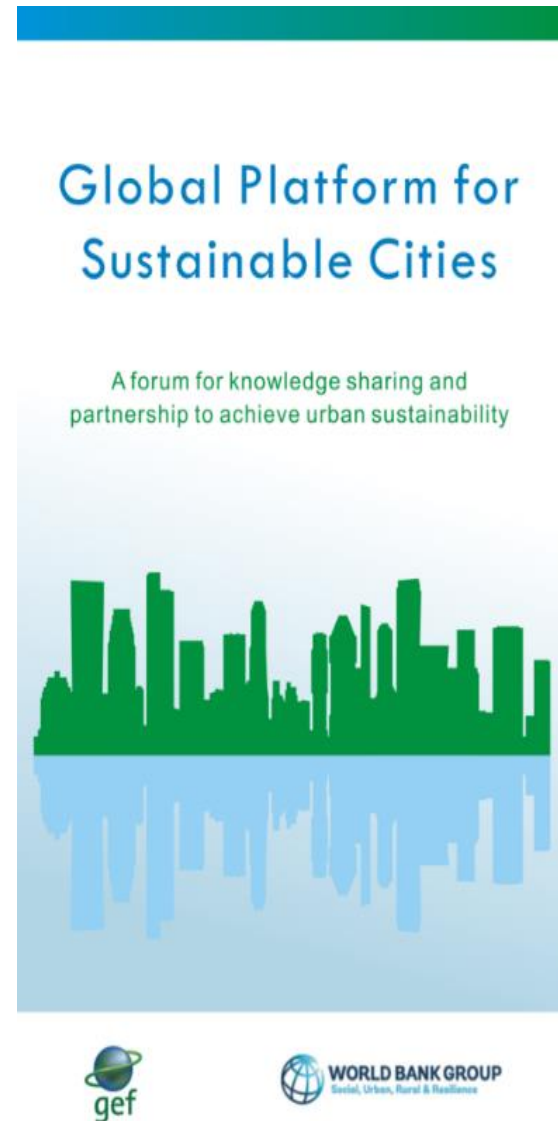

Low-carbon Transport and Energy for
Sustainable Cities

June 2016, Ulsan

- Challenges facing cities is to adopt a holistic approach to urban planning and financing.
- The urban infrastructure, water, transport, energy, waste water, and social environment - all has to come together in order to build a city of tomorrow – that is inclusive, safe, resilient and sustainable.

*Conclusions of the first GPSC Meeting
Singapore March 2016*
